

## Bridge Gem (v3.0.16) Release Notes

**2024-10-25 v3.0.16**

### *New Features*

1. Arrow Switched Rounds highlighted in Rounds Tabpage
2. Club's EBU Name added to data that persists over an upgrade

### *Bug Fixes*

1. Fixed bug in **Resume** Event (used when recovering from a Bridge Gem Crash)
2. Fixed bug causing 'Missing Pair' groupbox not to be displayed when unable to Recommend a movement
3. Corrected check for Section ineligible for award of Master Points when any team plays <70% of Boards
4. Corrected instance where a 2-W Event's adjusted points were not immediately displayed
5. Added Movements library **7\_1 Mitchells 2 winners** to list of movement libraries scanned when recommending a movement for a 2-W Pairs event
6. Corrected Arrow Switching in 2 movements in movements library **Bridge Gem Three-Quarter Howell Movements**
