

Bridge Gem (v3.0.17) Release Notes

2024-12-15 v3.0.17

New Features

1. Invalid results logged to the History Log
2. Handles Movement Files in which the Pairs Table Movements are missing

Bug Fixes

1. Fixed bugs which caused the Number of Boards (and Boardsets) to be incorrect in movements where Number of Tables (T) > Number of Rounds (R)
2. Fixed bug which caused a phantom Relay Table to be displayed for movements where $T > R$
3. Included movements where $R = T - 3$ in list of alternative movements (previously T-2)
4. Included movements library '7_1 Incomplete Mitchells' in search for recommended movements for 2W Pairs Events (handles cases where $R = T - 1$ in 2W movements)
5. '2 Table Appendix Mitchell' and Self 'Orthogonal Mitchell' movements correctly identified
6. Fixed bug when reading Player Names from complex Pairs 2-winner movement files
7. Fixed bugs in '7_1 Incomplete Mitchells' movements library
8. Fixed bugs in '7_1 Mitchells 2-winners' movements library
9. Fixed bug in 'Bridge Gem 1W Favourites' movements library
10. Fixed bug in 'Bridge Gem Individual Movements' movements library
